

**NEDERLANDSE VERENIGING VOOR FYSIOLOGIE
DUTCH PHYSIOLOGICAL SOCIETY**

27th PAPENDAL SYMPOSIUM

24 en 25 November 2011

- Healthy Ageing -

The theme of the 27th Papendal Symposium of the Dutch Physiological Society is “Healthy ageing” and is organised by the NVF committee members under supervision of Prof. M. Hopman. This year presentations by the “young” investigators will be alternated by presentations given by the “senior” investigators.

We hope to see many “young and senior” physiologists at our symposium to stimulate good discussions. Remember, the young physiologists present their most recent data!!!

Last year we have decided to organise our annual symposium at different locations within the Netherlands. The 27th “Papendal” Symposium will be held in Hotel Val Monte in Berg en Dal, near Nijmegen (Oude Holleweg 5, 6572 AA Berg en Dal; goldentulipvalmonte.nl)

To register for the symposium, please fill in the form below and return it by the 30th of October 2011. Non-members are also very welcome, so do not hesitate to send this email to colleagues who may be interested. A digital version of the most recent program of the symposium can be found at our website: www.NVFysiologie.nl. Please indicate on the form if you wish to share a room with a colleague.

Filled and signed form should be returned before the **30th of October** to:

dr. J. van der Velden, treasurer of the NVF
afdeling Fysiologie, VUmc
vd Boechorststraat 7
1081BT Amsterdam
Phone: 0204448110
Fax: 0204448255
